## MARVELIS ASSUMES SOCIAL AND ENVIRONMENTAL RESPONSIBILITY.

From now on, all products that especially meet our sustainability requirements bear the ECO label.

ECO is based on production that is more environmentally friendly, proven by the OEKO-TEX® MADE IN GREEN label.

ECO is being introduced for MARVELIS Business.

In the Autumn Collection 2023, more than 250 MARVELIS Business shirts already bear the ECO label.

MARVELIS has also been a member of Fair Wear since 2021.

For the Autumn Collection 2023, MARVELIS has optimised its product packaging based on environmental considerations.

# MARVELIS

## MARVELIS PRODUCT LABELLING

MARVELIS has given its bold efforts in terms of sustainability a recognisable feature in the form of an icon, consisting of a leaf symbol and the designation ECO.

Along with this sustainability label, we are also introducing new, more sustainable product packaging: less plastic, less CO<sub>2</sub>, and fully recyclable.

## ECO

### OEKO-TEX® MADE IN GREEN

... is a traceable product label for all textile types that have been made in factories that are more environmentally friendly and which offer safe and socially responsible workplaces. In addition, the OEKO-TEX® MADE IN GREEN label gives consumers the assurance that the textile or leather product is made from materials that have been tested for harmful substances.

### OEKO-TEX® STANDARD 100

A prerequisite for OEKO-TEX® MADE IN GREEN is that the product has been tested and certified for harmful substances according to OEKO-TEX® STANDARD 100.

### OEKO-TEX® STeP

To ensure that the product has been manufactured using environmentally friendly processes under socially responsible working conditions, production facilities must be certified according to OEKO-TEX® STeP. OEKO-TEX® STeP stands for Sustainable Textile & Leather Production and is a modular certification system for production facilities in the textile and leather industry. OEKO-TEX® STeP aims to permanently implement environmentally friendly production processes, improve occupational safety and promote socially acceptable working conditions in production facilities.

# MARVELIS

## FAIR WEAR

Fair Wear is an independent, non-profit, multi-stakeholder initiative with over 140 members that works specifically towards improving working conditions in the garment industry's supply chains.

By joining Fair Wear, MARVELIS is making a clear commitment to maintaining high standards in the manufacture of its products.

MARVELIS

An aerial photograph of a lush, dense green forest. A dark, winding river flows through the center of the forest, creating a meandering path. The trees are vibrant green, and the overall scene is a rich, natural landscape.
